

The logo features the text "DHCP" in a bold, dark blue, sans-serif font. Below it, the word "CyberQuince" is written in a smaller, dark blue, serif font. The text is centered within a white circular area. The background consists of a dark blue curved shape at the bottom, a light blue vertical bar on the left, and a light pink vertical bar on the right.

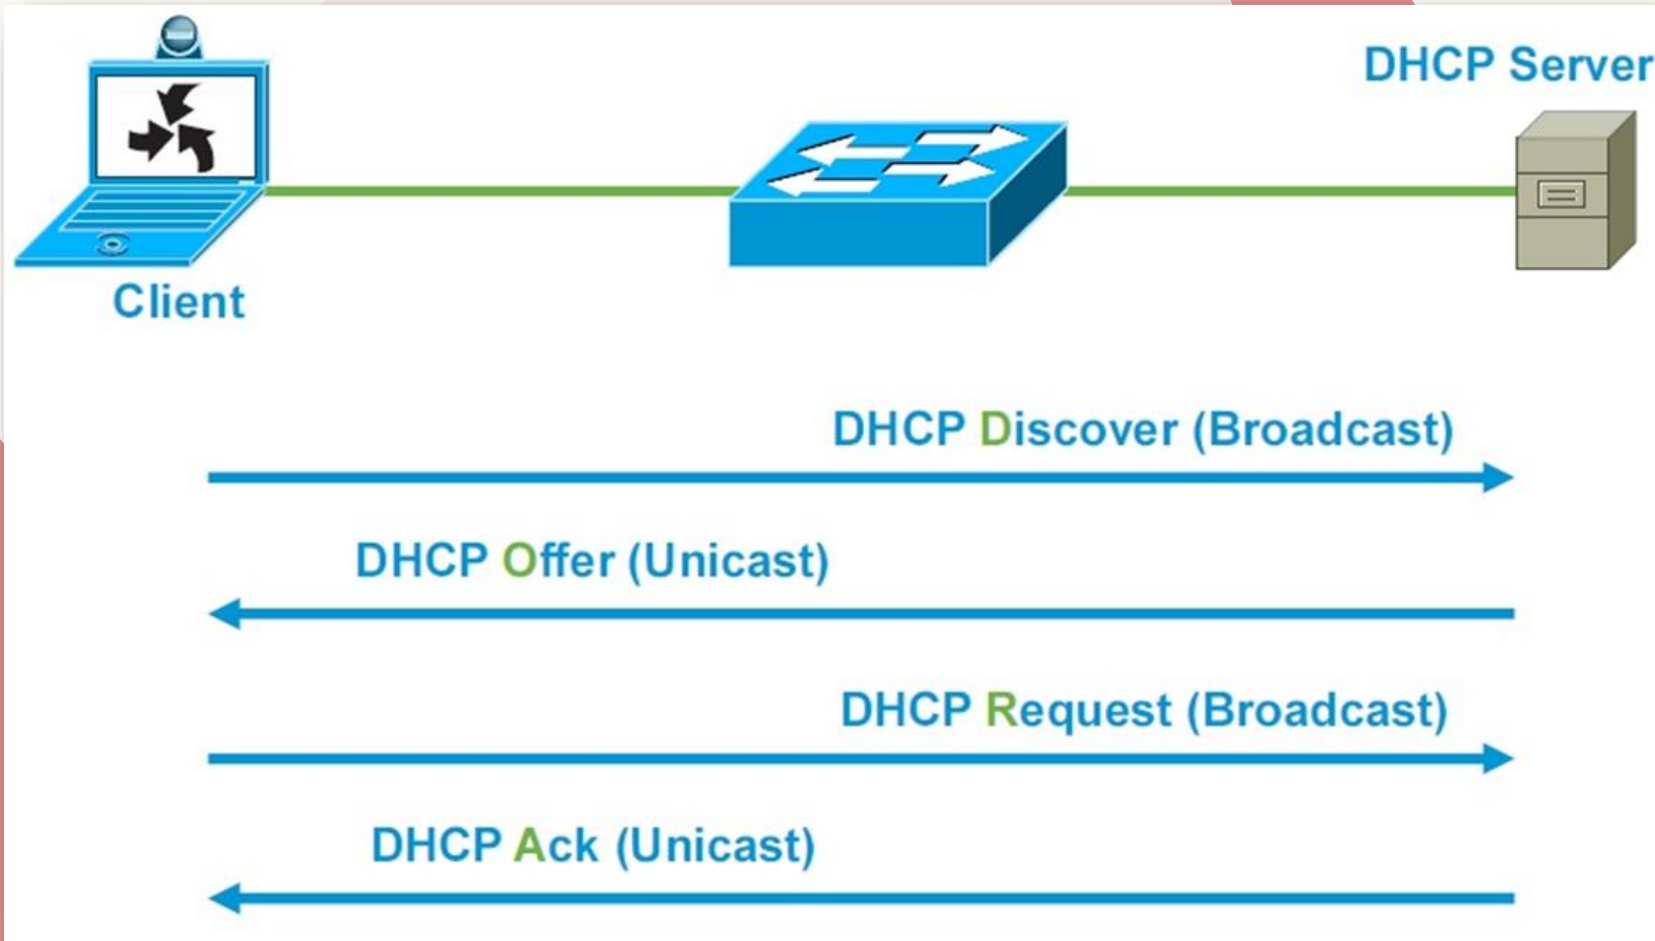

DHCP

The Dynamic Host Configuration Protocol (DHCP) is a network management protocol used in computer networks for automatically assigning IP addresses and other communication parameters to devices connected to the network.

DHCP uses a client–server architecture.

The background features a large, light cream-colored circle on the left and a large, light pink circle on the right. These two circles overlap in the center. The area where they overlap is filled with a series of thin, white, concentric curved lines that radiate from the top right towards the center. The top and bottom edges of the image are framed by a solid dark blue color.
